WASHINGTON, July 9.-Publicity given to the plans of progressive mem-bers of the House to circulate petitions calling upon President Taft to withdraw as the head of the Republican national ticket had the effect to-day of retarding developments, if not actually cir-cumventing the scheme.

Representative Davis of Minnesota has been actively advocating the drafting of potitions to be sent out through the country for voters' signatures. He had a conference to-day with Senator Dixon, campaign manager for Col. Roosevelt, and it is understood the scheme was discussed at that time.

No agreement was reached by the progressives to take up the petition plan and it was rumored that lack of general support was responsible for the delay. A draft of a petition to be signed by members of the House was shown yesterday to Representatives Davis and Lindbergh of Minnesota; Jackson, Ress. Murdock and Young of Kansas; Kent of California; Warburton of Washington, and several others. They did not agree upon its terms and thus far none has signed it.

Auti-Trust members of the Senate, together with several from the House, have decided to draw up a statement criticising the nomination made at Chicago and setting forth their belief that President Taft was not legally nominated. This will be offered to all progressives for signature, to be used as a campaign statement in the forthcoming atruggle.
